Plants	Living things and habitats	Materials to include recycling

Upper School

Term 1	Term 2	Term 3
Earth and Space	Sound and Light (including electricity)	Forces and magnets
Term 4	Term 5	Term 6
Plants	Living things and habitats	Materials – sustainability

The focusses are taught as part of a spiral curriculum giving the pupils the opportunities to revisit and expand their knowledge areas. As pupils move along the curriculum they will extend the depth of learning in the individual areas.

Scientist and inventors will be taught throughout the curriculum to support focus.
